

26.11.3 In all residential districts, no heavy load vehicle, truck trailer, truck tractor, mobile home, motor home, camper, trailer, boat, machinery, farm equipment or machinery or any other similar equipment or machinery (called collectively "equipment") shall be parked or left standing for more than one (1) day out of any consecutive seven (7) day period within the required front yard or within the side yard of a corner lot between the side building line and side property line on the side of the lot abutting a street or public right-of-way.

In no event shall equipment, including motor vehicles, trucks and vans be parked or left standing at any time on a surface other than a paved driveway or paved parking lot. The driveway shall be located either:

- 1) between the street or alley, a garage or carport;
- 2) in the side yard adjacent to the main building; or
- 3) as a circular driveway serving the main entrance of the premises.

In no event shall operable or inoperable equipment, including motor vehicles, trucks and vans be parked or left standing at any time in the front yard of a property.

The driveway shall be no wider than the width of the garage, carport (or 20 feet, whichever is greater) or parking space that it serves. No more than fifty percent (50%) of the front yard shall be a driveway. In no event shall vehicles or equipment be parked or left standing closer than five (5) feet from the front property line.
