

# LEAVE IT OR BAG IT, BUT **DON'T** BLOW IT!

## Grass Clippings and Leaf Litter are Stormwater Pollutants and Safety Hazards

Leaves, grass, and other organic plant material are a significant source of stormwater pollution.

When yard debris ends up in the streets, sidewalks, and storm drains, it will eventually make its way to our creeks and lakes. It can also pose a safety hazard to people using streets and sidewalks.

### WHAT YOU **CAN** DO!

- Leave them on the lawn
- Compost them
- Bag & dispose of properly

### WHAT YOU **CAN'T** DO!

Intentionally blowing or placing yard debris in the street is a violation of City Ordinance Sec. 26-41.
